MINUTES OF THE NOV. 13, 1986 MEETING

By M. Don Minkoff, NK6A

The meeting was brought to order by Dan Davitt, N6CGB, at 8:10 PM. Fifty-five members were present. Jim, KM6B, under old business, brought up the use of the repeater for the club contest. A repeater discussion followed with an update by Steve, W6FRZ, on the current status of the new repeater. Joe, K5KT, once again suggested to Steve that he contact W6UXN about a repeater site which would better benefit the San Fernando Valley members. The repeater discussion continued with additional comments by Red, W6AE. Jim, KM6B, moved for the use of the output of the repeater to count towards the club contest. K7EG seconded the motion. A lively discussion followed. The argument about changing the rules in the middle of the contest is valid, but the repeater was changed, making the original rules not valid for the current repeater location. (A summary of the discussion) A vote was called for and the amendment to the rules to allow a report on the output passed by a very large margin. PERIOD !

Art. W6AE, asked about metal (foil) stickers the club used to have. KG6ZV is starting a world wide stamp collection and is looking for used stamps from our QSL's.

Late introductions were given with two guests present, V31GE and K6GH.

New business: Joe, K5KT, and Peter, WA6HXM, representing the PV Radio Club and the city of Palos Verdes, spoke on the upcoming plans for the W6AM radio museum. Letters in support of the museum should be sent to Peter by Tuesday for inclusion into the records of the planning commission.

Dan, N6CGB, brought up the money question for Ron Wright's DX-pedition to Xmas Is. Red, W6AE, moved the club contribute $300 . It was seconded by Irv, W6GC. The motion passed.

Bill, WK6V, mentioned his problem with an antenna permit. Check your local ordinances. It seems that the rules have changed for anything over 45 feet. Rumors around the band with Tex, N6AHV, continued after the break.

A CQ WW Phone Contest discussion followed. Marty, N6VI, gave a short run down on his operation from JY8Z and the 8000 QSO's made from Jorden. An audience with JY1 followed the contest. Other members of the club operated from the multi station of W6XJ up at Palomar. Bill. WK6V, gave a summary of the multi-single effort.

The raffle prizes came from HRO in Anaheim. Winners were: W6EA, KB6HW, W6GC, W6AE, K%KT, W6DH, and K6HD.
